MARERA STUDIO

Illustration and pattern design

# ABOUT ME

Hello! I am Masha - a self made artist and a certified graphic designer. MARERA is my creative pseudonym and the name of my art and design studio.

As an illustrator and pattern designer, my passion lies in creating vibrant, expressive surface designs tailored for home decor, packaging, and decorative wall art. Drawing from years of experience in multimedia art and visual storytelling, I bring a unique fusion of artistry and detail to each pattern and illustration. My designs are meant to enrich spaces—whether through a fabric, a decorative item, or a framed poster on a wall, each piece carries a sense of character and warmth.

Currently I live and work in Berlin, Germany.
